**Re: Reporting Requirements for U.S. Providers of International Telecommunications Services, IB Docket No. 04-112**

Dear Ms. Dortch:

On March 15, Jacquelynn Ruff, Katharine Saunders, and I met with James Ball, Linda Blake, Kimberly Cook, John Copes, Cathy Hsu, David Krech, David Strickland, Mark Uretsky, Alec McDonell, and Sean O'More to discuss the rulemaking notice in the above referenced docket. See Reply Comments of Verizon, Reporting Requirements for U.S. Providers of International Telecommunications Services, IB Docket No. 04-112 (filed September 2, 2011).

We reiterated our position that, given the significant competitive growth of the international market and the dramatic technological changes in the industry, the market conditions that once spurred adoption of extensive and detailed reporting requirements no longer exist. We also discussed policy and technical implications of certain of the proposed new or alternate reporting requirements in the FNPRM, consistent with our reply comments.

One electronic copy of this letter is being submitted in the above-referenced proceeding in accordance with Section 1.1206 of the Commission's rules. Should you have any questions, please contact the undersigned.

Sincerely

A handwritten signature in dark ink, appearing to read "A. Ramos", written in a cursive style.
